

**Can you name the one “free” country on earth** where a tiny group of extremists can steal elections, strip away basic rights, spy on citizens, and launch wars based on lies, but where the people do not take over the nation's capital in protest?

**If you said the United States,** you'll be wrong after Camp Democracy begins. See: <http://www.campdemocracy.org> Join us:

*9/5<sup>th</sup> to 8<sup>th</sup> and 9/12<sup>th</sup> to 21<sup>st</sup> on Constitution Ave. at 14<sup>th</sup> & 15<sup>th</sup> Streets

**At long last...** Americans are saying “Enough is enough” and doing what Mexicans, Ukrainians, or any other people not lulled into apathy do when things get this bad: We The People will retake our Capital City to demand peace, justice, and accountability. Camp Casey will move from Crawford, Texas, to Washington to create a larger camp focused on ending the war, righting injustices here at home, and on holding the Bush Administration and Congress accountable.
