

*Camp Democracy*

**9/5 - 8, 9/12 - 21 AT  
CONST AVE, 14&15 ST**

**9/9-11 THE NATIONAL  
MALL, 3RD TO 7TH ST**

Name the only "free" country on earth in which a tiny faction of extremists steals elections, attacks basic rights, spies on citizens, and starts wars based on lies, but the people don't take to the streets in their nation's Capital to protest?

***If you said the USA, you'd be wrong.***

**On 9/5 We The People will say "Enough is Enough" at Camp Democracy in Washington.**

At last, Americans are doing what Ukrainians, Mexicans, and any other people not stunned into apathetic silence would do in the face of tyranny: take back our national capitol with activists, leaders, and artists demanding peace, justice, and accountability. **Help Change the Course!**
